

Mitchell Craig Begelman
JILA
University of Colorado
Boulder, CO 80309-0440
Voice: (303) 492-7856
FAX: (303) 492-5235
INTERNET: mitch@jila.colorado.edu

Personal:

Born March 14, 1953, New York City
U. S. Citizen

Education:

Ph.D. in Theoretical Astrophysics, University of Cambridge, December 1978
Thesis Title: Aspects of Accretion Theory
A.M. in Physics, Harvard University, June 1974
A.B. in Physics, Harvard University, June 1974
Graduated from Bronx High School of Science, June 1970

Appointments:

Department of Astrophysical and Planetary Sciences (formerly Astrophysical, Planetary and Atmospheric Sciences), University of Colorado, Boulder, Colorado

Professor, August 1991-present
Chair, July 1995-June 1998 and October 2008-present
Associate Professor, August 1987-August 1991
Assistant Professor, August 1982-August 1987
Associate Chair, July 1989-June 1990 and July 1992-June 1995
Acting Chair, July-December 1989

JILA (formerly Joint Institute for Laboratory Astrophysics), University of Colorado and National Institute of Standards and Technology, Boulder, Colorado

Fellow, March 1984-present
Member, August 1982-March 1984

Member, Center for Astrophysics and Space Astronomy, University of Colorado, January 1986-present

Postgraduate Research Astronomer, University of California, Berkeley, March 1979-June 1982
Science Research Council Research Fellow, Institute of Astronomy, Cambridge, England, October 1978-March 1979 and July 1981-December 1982

Visiting Scientist, N. Copernicus Astronomical Center, Warsaw, Poland, Winter 1980

Honors and Awards:

Trinity College, Cambridge, Visiting Fellow Commoner, 2005-2006
University of Colorado Faculty Fellowship, 2005-2006
First Boldt Lecturer, NASA/Goddard Space Flight Center, 2004
Boulder Faculty Assembly Award for Excellence in Research, Scholarly, and Creative Work, 1999-2000
Guggenheim Fellowship, 1998-1999
University of Colorado Faculty Fellowship, 1998-1999

Mitchell Craig Begelman

American Institute of Physics Science Writing Award, 1996
University of Colorado Faculty Fellowship, 1990-1991
Helen B. Warner Prize of the American Astronomical Society, 1988
Alfred P. Sloan Foundation Research Fellowship, 1987
Presidential Young Investigator Award, 1984
Isaac Newton Studentship, 1977-1978
National Science Foundation Graduate Fellowship, 1974-1977
Phi Beta Kappa, 1974
Harvard National Scholar, 1970-1974
Westinghouse Science Talent Search Scholarship, third national award, 1970-1974
National Merit Scholar, 1970-1974

Professional Organizations:

Member, International Astronomical Union
Member, American Astronomical Society
Fellow, Royal Astronomical Society
Fellow, Cambridge Philosophical Society

Professional Service:

Vice-Chair, National Academy of Sciences Astro 2010 Science Frontiers Panel on Galaxies Across Cosmic Time, 2009-present
Member, International X-ray Observatory Study Coordination Group and Science Definition Team, 2008-2009
Chair, High Energy Astrophysics Division, American Astronomical Society, 2008-present
Chair, Panel on Galactic Astronomy, GLAST Cycle I Guest Investigator Proposal Review (NASA), 2007
Vice-Chair, High Energy Astrophysics Division, American Astronomical Society, 2006-2008
Member, National Research Council Committee on Astronomy and Astrophysics, 2005-2008
Member, NASA Chandra Fellowship Selection Committee, 2005
Member, AGN/GRB Panel, NASA Astrophysical Theory Program proposal review, 2002
Panelist-at-large, ("Pundit"), Merging Panel, NASA Chandra X-Ray Observatory Cycle 3 Proposal Review, 2001
Member, High Energy Astrophysics Division Executive Committee, American Astronomical Society, 2000-2001
Member, NASA Hubble Space Telescope Cycle 10 Proposal Review Panel, 2000
Member, NASA Constellation-X Mission Facility Science Team, 1998-2008
Member, Natural Sciences and Engineering Research Council of Canada review committee for Canadian Institute for Theoretical Astrophysics, 1998
Chair, NSF proposal review panel for AGNs, and QSOs, Extragalactic Astronomy and Cosmology Program, 1998
Chair, Warner/Pierce Prize Committee, American Astronomical Society, 1997-1998
Member - 1996-1998
Member, NASA Hubble Fellowship Selection Committee, 1997
Member, NASA Space Interferometry Mission Science Working Group, 1996 - 1998
Chair, Panel on Active Galactic Nuclei, NASA Long-Term Space Astrophysics Research Program Proposal Review, 1994
Member, NASA Hubble Space Telescope Cycle 5 Proposal Review Panel, 1994
Member, NASA Small Explorer Peer Review Panel, 1993
Member, Space Interferometry Science Working Group (NASA), 1992-1994
Member, Long-Term Space Astrophysics Program Review Panel (NASA), 1992, 1994

Mitchell Craig Begelman

Member, National Science Foundation Selection Panel for 1989 Presidential Young Investigators in Astronomy
Chair, Panel on Active Galactic Nuclei, ROSAT Guest Observer Program Proposal Review (NASA), 1989
Member, Interferometry Panel, National Research Council Astronomy and Astrophysics Survey Committee (“Bahcall Committee”), 1989-1990.
Member, National Science Foundation Advisory Committee for Astronomical Sciences, 1985-1988

Publications:

Books

1. Mitchell Begelman and Martin Rees, *Gravity's Fatal Attraction: Black Holes in the Universe* (W. H. Freeman: Scientific American Library Series No. 58, New York, 1996), 246 pp.
Winner of the 1996 American Institute of Physics Science Writing Award.
Named one of the Outstanding Academic Books of 1996 by Choice Magazine.

Mitchell Begelman and Martin Rees, *Gravity's Fatal Attraction: Black Holes in the Universe* (paperback edition) (W. H. Freeman: Scientific American Library Series No. 58, New York, 1998).

Mitchell Begelman and Martin Rees, *Schwarze Löcher Im Kosmos: Die magische Anziehungskraft der Gravitation*, German translation, translated by Margit Röser (Spektrum Akademischer Verlag, Heidelberg, 1997).

Mitchell Begelman and Martin Rees, *L'Attrazione Fatale della Gravità: I buchi neri dell' Universo* Italian translation, translated by Giusi Galli (Nuovi Classici della Scienza, Zanichelli Editore, Bologna, 1997).

Mitchell Begelman and Martin Rees, *Zwarte Gatzen In Het Heelal*, Dutch translation, translated by Tom Korbeek (Vertaling: Riet Rutten-Vonk, 1998).

Mitchell Begelman and Martin Rees, *Ta siła fatalna, Czarne dziury we Wszechświecie*, Polish translation, translated by Piotr Amsterdamski (Prószyński i S-ka, Warsaw, 1999).
2. Mitchell Begelman, *Turn Right at Orion: Travels Through the Cosmos* (Perseus Publishing: Helix Books, Cambridge, MA, 2000), 264 pp.
3. Mitchell Begelman and Martin Rees, *Gravity's Fatal Attraction: Black Holes in the Universe, Second Edition* (Cambridge University Press, Cambridge, 2009) in press.
